April HPCC Community Meeting
4.20.23
29 Participants in attendance.

Zone 5 Updates - Commander Stephen Vinansky:
Crimes reported over the past 30 days:
- 3/27 theft from vehicle in the 300 block of S. Negley.
- 3/27 theft from delivery driver in the 5500 block of N. Jancey
- 4/2 tools stolen from a truck by a contractor from the owner in the 800 block of Hberton

The annual Zone 5 Community Day is still up in the works. The Commander will keep us up to date when finalized.
The HPCC will send an invitation to Zone 5 for the HPCC Hullabaloo, as well as for other upcoming neighborhood events.

SOS Grant Program
The program is now interviewing youth techs who will provide in-home IT services for Highland Park seniors. It will begin taking senior technology requests in a few weeks. Watch the listserv and HPCC website for information on how to apply.

Highland Park Town Hall - April 11

Highland Park
- Stone Bridge in the park is scheduled to be finished in Oct.
- The city will be doing community engagement about Reservoir Drive pedestrian improvements that will be piloted when the road reopens.
- Public Works is fixing sidewalks and adding accessible parking by pool.
- Public Works is also doing tree work around reservoir.
• HP Neighbors have challenged the city about the installation of lights at the tennis courts on Stanton Ave.

Coordination of utilities
• The water, sewer and gas work in the southeast corner of the neighborhood should be finishing soon. The work wasn’t intended to happen all at once, but when the various utilities realized the roads were open, decided to do their work in those locations to prevent them from having to go back and tear up the roads again. The sequential nature of the work was unplanned and the city will try to learn from that experience in the future work and to try to make such work simultaneous instead.

Firing Range
• The mayor said that the administration is looking into long-term solutions. Neighbors said that they wanted it closed now. The HPCC provided some history about the site and the neighborhood’s efforts to get the city to engage in both long- and short-term mitigation efforts.
• After the meeting, they mayor committed to finding and providing two reports about the site to the HPCC within three weeks, and meeting with the HPCC to discuss options.
• The HPCC is planning a press conference about the issue for the week of May 8th; the mayor has been invited.

PWSA
• Rebecca Zito gave a presentation on the City’s Stormwater Plan. The city is having community meetings across the city about the plan until early June. For more information about the plan and upcoming community meetings, and/or to submit comments about the plan online, visit: https://www.pgh2o.com/your-water/stormwater/stormwater-plans/stormwater-strategic-plan#:~:text=The%20PW%20S%20A%20Stormwater%20Strategic%20Plan,priority%20sites%2C%20and%20water%20quality.
• See slides (waiting for file)

ALCOSAN
• Shawn McWilliams & Alexis Meier were on-hand. Shawn gave a presentation on ALCOSAN’s Clean Water Plan. For more information, visit https://www.alcosan.org/clean-water-plan
